

Discover Island Drug

Troy Stultz, *Pharmacist*, is a recent addition to the staff at Island Drug. Troy is a graduate of Washington State University. He is proud of his alma mater, but won't let that get in the way of helping those customers who favor the Huskies. He comes from a varied background, but is now back to Retail.

Being a Pharmacist allows him to interact with customers and help them solve their healthcare concerns. He wants customers to know they can rely on their Pharmacist and trust their medication will be filled with knowledge, experience, and consistency. The Pharmacists at Island Drug always have time to talk to their customers and take care of them.

Troy lives on Fidalgo Island and wanted to work in a community that was close to home. He enjoys working for a company that is growing and has cutting edge technology, which allows them to better serve the customer.

Troy welcomes the opportunity to be your new Pharmacist.
